WHAT IS AN EMBARRASSING PERSON?

BY
JOHNNY

- Someone who places a thumbtack on his own seat during a crowded bus ride.
- Someone who goes into a restaurant and replaces the salt in the shakers with Cruex.
- Someone who replaces the lemonade in his mother's pitcher with a two-day old urine specimen.
- Someone who goes into a drug store and pokes holes in the unsold condoms.

ASK MEL!

For some reason, I greatly respect your opinion on all topics; that is why I'm writing to you now.

q.: Ever since I was three ½ years old, I have had this terrible urge to become a Benedictine Monk who specializes in waxing ass hairs. Would there happen to be a school for my treasured vocation?

a.: Ahh, yes, many people have written me with that same exact question and I feel that I should give this question a fair shake (like after I tinkle). There is a correspondence course that I highly recommend to all of you out there. It's called: "Anal Cilia Ahoy" and you can reach them through Flight 90 Magazine. Thanks for the letter!

MEL'S POOP JAR

Well, as expected, MEL'S POOPJAR is rapidly becoming one of America's favorite columns. And that just makes me feel real swell. Now, tell me seriously, would you really know what's hot, if PoopJar wasn't around? ? So, take heed in everything I write, trust me and your life will be complete. See-Woo.

Spring is here, and club owner's everywhere are hustling for your business. So play it cool and try to hit them all. Which brings up a good point: confused about anything pertaining to entertainment? READ POOPJAR!

Club LOVE; the place where all the hipsters congregate, should be hot this summer. It might be larger. Now that they're serving sandwiches and fruits, we can all get obese and act chic. Also, new dj, Elizablitz showing some real potential as a Mix Master Flash.

Your not going to believe this, but PoopJar has got the word that the EAST SIDE CLUB is going to install a Giant water slide in their back room. heh.

On Sundays at the EAST SIDE, Miss Hot; Jan Carroll, takes control of your tootsies for FREE!! Hi LLana!

Sort of bored with the same ole sites and sounds? Try the BLACK BANANA, an exotic night out with some of the best innovative, new music you've ever danced to. Scope the videos or meet a mate.

Ever been to Likety Split? Rainbows? Second Story? How about checking out CAPTAIN BOOGIE at Wagners??

Pick up the new issue of the BOB, and treat yourself to the new PRETTY POISON single: NO TEARS.

JR STANTON hates rubber checks. Yes, that's correct.

Hot band of the month: HUMAN FUDGE POLE. With members of the Stickmen and Executive Slacks. My Dog Throws Up Beef.

Hey, ya know what? I don't have anything to write about Lee Paris this month. Please forgive me Lord.

R.I.P. Landmark Tavern. One hell of a place Linda.

All WCAU dj's: erection problems. Sorry guys.

If any of you Knuckleheads have any info that's good enough for POOPJAR, or a record or tape that needs a review, send it to me, Melvin c/o FLIGHT 90 PO BOX504 Yeadonia Pa. 19050

Are you looking for that certain someone? Someone to share your deepest darkest secrets, someone to look to for understanding and companionship, you know, someone to get you off.

Sound familiar? Sure it does! Well, hey, there is a solution (No, it's not Togetherness Dating Inc.). Now, you can put an end to all those cold showers and castration attempts. You know the old saying, "If you want the job done right, you should do it yourself." Have a "Menage a Un". With a little bit of "self-service", you can turn that quiet evening at home, alone, into a wild night to remember.

Well, most of are but everyone, at some time, experiences those dreaded dating slumps. So, you cruise the club scene all decked out in your "new" vintage clothing and nifty haircuts searching for a cheap sleaze (Oops! Did I say that?) to take home and keep you warm and satisfied that night. And, sometimes you do get lucky but it usually ends up to be an empty one-nighter. Then again, you may use my technique -- ramming a shopping cart into perspective pick ups at the Super Saver. But, usually, the only thing you pick up is a bill for the carton of eggs you broke and a bent box of Rice Krispies.

Here's how... First, you should invite yourself over for dinner. This is a definite advantage since you know you'll accept and you know exactly what to make. Once all the formalities are dispensed with, the Menage A Un can begin.

---It's 7:00, you're right on time. You look absolutely gorgeous and you tell yourself so. You suggest some wine. "Oh, Bolla Valpollicella," you say, "You have excellent taste." Next, you put on an album to set the mood. Hmmm, The Best of Ferko Stringband, exactly what you had in mind.

---Dinner is fantastic. The wine and music have gone to your head, not to mention the company. You simply can not take your eyes off yourself. Drunk with deep desire, you ask yourself to dance and you graciously accept.

---You're intoxicated with your sensual flowing movements. (No one can do the Mummies' Strut like you). The anticipation is too much for you to handle. Your heart is beating wildly. Panting and trembling, you lead yourself into the boudoir.

---Gentle rythmic movement, faint music, and soft moans can be heard outside your apartment door.

---Later that night, you awaken to the sound of your front door closing. You realize that you left. You find a note lying on your pillow. It reads, "Please forgive me, I'm just not myself tonight." Confusion and disappointment overcome you. What did you do wrong? Eventually, you fall back asleep.

---The next morning you have a vicious hangover and your place looks like an A-Bomb hit. As you attempt to straighten up, a tear forms in your eye and you wonder if you'll ever call again.
