WKDU is pleased to bring you the Summer 1990 program Guide. Listed in this guide, you will find the most diverse radio schedule in Philadelphia. You might ask yourself, "why do these young hipcats do it?" Is it for the money? Is it for the groupies? Or is it the opportunity to work at a dinosaur rock station after graduation? The answer is simple and must be told. We like good music and enjoy sharing it with others. As opposed to 99% of the radio stations in this country, our DJs are not required to a playlist of songs that we should or should not play. Rather, DJs have the freedom of programming their own show. Personally, you couldn't pay me enough to play the schlock that pollutes today's radio band. Therefore, not compromising our music gives you, the listener, an unbiased sound of today's best music. We're not paid professionals and we don't give you some phony stagnation attitude trip. So the next time you hear a song started at the wrong speed, mellow out and get off our backs.

As always, we need the support of you, the KDU listener. Even though we don't have a "Begathon" three times a year, it goes without saying that we could use your financial support to supplement our measly operating budget. Other ways you can help us out includes spreading the KDU gospel to unenlightened folks in the city or by attending KDU events in the city. Please write to us as we're always glad to hear from you. Feel free to swell our heads if you think we're doing a good job or give us some constructive criticism. Let us know what shows you like or what music deserves more airplay.

6AM - 10AM - Jeff Natt  
"Radio Free Philadelphia"  
Urban based International music, soul, jazz, hip-hop, some rap.

10AM - 2PM - Denise Thompson  
"Christ Dies, Christians Lie"  
Industrial, progressive, underground, gothic dance music.

2PM - 6PM - Pete Fasolo  
Exploding psychedelic uncorrelated noise designed to confuse and maim ones slightly.

6PM - 9PM - Raj Thadani  
"Life's Lecture"  
A totally tough look at real life. Enough to make you vote Republican. (A sort of Huey Long approach to music.)

9PM - 12M - Kay Nothstein  
"But Why, Dad?"  
All kindsa "stuff."

12M - 3AM - Rich Brice  
Experimentalish.
