SUNDAY

Welcome to the WKDU Winter Program Guide 1991. It's another winter at Drexel University and all the WKDU schedule information you ever need to know, plus witty comments from the dj's is right here.

As you can see, the airwaves are full from morning to night with diverse blends of music. This means that if, for some unknown reason, you're up at 4AM, you can tune into WKDU and hear something different. You won't hear tired old classic rock like on Brand X Radio.

Anyway, onward to some more stuff about lovable WKDU. We're really ecstatic about this: WKDU was nominated as one of the best five rap stations (out of college stations) in the country for 1990 by the media trade publication the Gavin Report.

We are also featuring a brand new public affairs program called "The Environment Show." It's on Thursday mornings at 11:30 AM. If you would like your organizations public service announcement read over the air, send it to Gena, our Public Affairs Director.

A great big "mazal tov" to Mark Grossmann and "The Sounds Of Jerusalem," celebrating its Bar Mitzvah on WKDU. Yes, this Friday morning (6AM to 9 AM) staple has been on our station since January 1978, which makes it the longest running show in WKDU history.

Returning this term is "PhillyView" radio magazine, which is produced in our very own sporadically working production studio. It's broadcast on Friday mornings at 9 AM.

WKDU, the only student run radio station in the city of Philadelphia you'll ever need.
